

Preferred SMALL BUSINESS CLASSES

Here at GuideOne, we are committed to helping you grow your business. Our broad industry appetite includes over 280 ISO® BOP class codes, along with Workers' Compensation, most of which are eligible for straight through processing.

We've analyzed the data from over 9,000 small business submissions, and we've talked to agents and brokers from around the country. We've identified our preferred list of classes to help you get to know our small business appetite and write more business. With these classes you can expect a competitive quote delivered with minimal underwriting intervention, letting you focus on what matters most — your customers.
